

BICSI Conference Presentations – Slido Guidance

As you finalize your presentation materials, please note the following regarding Q&A and audience participation:

Preparing Your Presentation for Slido:

- Sign-up for your free Slido account (www.slido.com).
 - You will need to be able to access this email address the day of your presentation.
 - You will share your Slido account information with CDLteam@bicsi.org when you are ready to integrate Slido into your presentation.
- Please add any discussion or poll questions directly into your PowerPoint deck on the appropriate slides (with answer choices as applicable).

Use of the BICSI Slido Account:

- Once your slide deck is finalized, please share the final presentation with CDLteam@bicsi.org. We will connect your presentation and Slido question(s) to the conference QR code. BICSI will work with you to ensure properly working integration into your PowerPoint presentation. This will ensure consistency and ease of use.
- BICSI will use your Slido account to make you a collaborator with the BICSI Conference Slido account.

During Your Session:

- When you reach a question slide, pause to remind the audience to submit/vote through the Slido App using the QR code provided at the start of the session.

By following these steps, we can ensure a smooth and engaging experience for the audience. Thank you for your collaboration on this. Please reach out if you have any questions or need assistance setting up your slides.
