

California Association of Public Procurement Officials, Inc.

104th Annual Conference

**“Planting for Success – Harvesting the Knowledge”
Enriching the Procurement Professional**

**January 5th & 6th, 2021
Monterey Conference Center
Monterey, CA**

Invitation from CAPPO President, Mike Derr

On behalf of the **California Association of Public Procurement Officials (CAPPO)**, I would like to extend an invitation to you to attend the **2021 Annual CAPPO Conference**, our 104th session. Public procurement professionals from state, county, municipal, special districts, utilities, transportation agencies, K-12, and higher education agencies attend the CAPPO conference to exchange ideas and to resolve challenges California public agencies face by sharing information on technical advances, cost factors, new laws, and sources for products and services. As a group of professionals, we network, learn, and grow by attending workshops, seminars, and general sessions throughout the week. The vendor expo part of the event is a highlight of the conference experience which allows attendees and exhibitors to meet face to face, share ideas, and can see new products and services that are available for use in their respective agencies.

CAPPO, being the oldest public procurement association in the United States, was established in 1915 as a non-profit organization dedicated to promoting the highest standards of professional and ethical behavior in public procurement. Membership has grown by 900 members in the past ten years and CAPPO membership now exceeds 1,800. I am very excited to announce that the 2021 CAPPO Conference and Expo, “Planting for Success – Harvesting the Knowledge Enriching the Procurement Professional” will be in Monterey January 4-6, 2021.

Due to the pandemic, CAPPO is focused on innovative ways to connect our members with our valued suppliers. The event in Monterey will be a hybrid conference and expo. We have revised the traditional expo hall to be consistent with appropriate public health requirements by reducing the number of available booths from 170 to 93. Typically, we have over 500 CAPPO members attend the conference annually. This year we expect to be limited by public health requirements to half this number; ultimately public health requirements will dictate the number of delegates allowed on site. CAPPO is excited to enhance the traditional onsite expo by including a virtual expo experience for CAPPO members that are not able to attend the conference in person. CAPPO will be able to reach a greater number of our 1800+ members with the added virtual option. As a CAPPO Partner, an on-site booth and a virtual booth are included in your 2021 sponsorship. The revised Partnership Benefits Matrix and the revised floor plan are included in this brochure.

There will be multiple opportunities designed for you to engage the public purchasing officials. The week will begin with on Tuesday January 5th where suppliers are invited to attend training sessions in the afternoon on how to do business with government. The activities continue on Tuesday evening with a social networking event designed to provide you with the opportunity to participate in fun activities with conference delegates in a casual setting. The grand finale is the Supplier Expo and Lunch on Wednesday, January 6th at the Monterey Convention Center.

The City of Monterey provides a great selection of restaurants, shopping, and attractions within walking distance from the Convention Center, Marriott, and Portola Hotels. It's never too early to begin planning to be a part of this event, as the 2021 CAPPO Conference is less than a year away! There are multiple partnership options that will provide opportunities to build and develop strong relationships with current and new customers alike. Our members include leaders throughout California that are responsible for making procurement decisions for the organizations they serve.

Please plan on joining us in January 2021 for “A Successful Harvest” as we continue to build on CAPPO's first 100 years of success. You won't want to miss this opportunity!

Sincerely,

Michael R. Derr, NSCS
2020/21 CAPPO President
