Boston Aquariums Company Information:

Founded by Keith D. Borgaro in 2002, Boston Aquariums has steadily moved forward to become Massachusetts' premier full service aquarium company. We work closely with our clients to design, install, and maintain unique aquatic environments that integrate seamlessly into their home or business. Boston Aquariums has created aquariums for many of Massachusetts' most prestigious companies, universities, hospitals, and residences.

Aquariums are our passion. Each aquarium we build is unique. We strive to exceed the standards of the aquarium industry by building museum quality aquariums with some of the oceans most exotic species. Boston Aquariums collaborates with interior designers, architects, and builders to fabricate site-specific custom aquatic environments. Our focus on precise attention to detail and superior customer service continues to be the backbone of our success.

We currently have professionally trained and insured technicians on staff to help handle our growing maintenance division. Examples of our work can be found in the photo gallery section of our website: www.BostonAquariums.com.
